

# OUR GRATITUDE REPORT

## Service & Sacrifice

- Individuals visited Oaxaca and Chiapas to assist our programs.
- All programs remained in operation despite a challenging year.
- All-time participation in adult education with 214 adults currently enrolled and 53 graduates this year!
- Finished many school improvements while students were learning virtually.

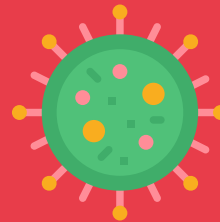

**1,200 food boxes delivered**

**120 family hygiene kits distributed**

**2 college graduates**

**1,800 hours of student tutoring**

## A Message from our Executive Director:

There were months this year when I just didn't know how we would care for all of the urgent needs of our students in Southern Mexico. Disappointment didn't quite explain my emotion when we had to cancel our signature fundraising events once again in 2021. By this time, the needs of our students were insurmountable and our funds were lean. But somehow, every need was met just in time. It's because of YOU! Your faithfulness has provided hope to hundreds of children and families living in Southern Mexico. More tangibly, you provided thousands of pounds of food, liters of hand sanitizer, buckets of disinfectants and dozens of personal hygiene kits so that kids could be safe at school. Laptops and hotspots kept our college students engaged in their courses, while the community center invested in more wifi and opened their computer labs for extended tutoring every day. I'm in awe of you and my heart is overwhelmed with gratitude! For the kids, Erica
